*"Inspiring insight and healing for you and your pet"*

## Animal Communication

Our pets are not just animals to us; they are part of our families. They enrich our lives and fill our hearts. Jodi's goal is to help you strengthen your relationship with your beloved pet by giving you the insight you need to help with behavior problems, personality conflicts, a pet that is very ill or you may just want to know if there is anything they want to say. Jodi does readings for animals that are alive or deceased.

If possible, please provide photo of your pet. If that is not an option, readings can be done from a description.

## Intuitive Readings

Feeling lost? Confused? Just not quite sure what your next step should be? Jodi serves as a messenger to give you insight and a perspective that helps you move in a direction that your soul desires, which leaves you feeling inspired to continue on your life path with confidence. Readings are most effective when you are ready and willing to move forward and change and are an active participant in that change. Jodi doesn't focus on predictions but more on giving you clarity and guidance about who you are and where you are going as she feels intuitive readings can be used as a powerful tool to help you have a better understanding of yourself, to heal yourself at a deeper level and live a happier, more fulfilling life.

## Tips for a good intuitive reading

- Don't ask yes or no questions rather ask open ended for a more in depth answer.
- Jodi's readings are more about patterns and where they are leading vs predicting timing on a specific event as timing and specific events can change when you or another person involved changes your or their thought patterns and life choices. Jodi finds this is a more productive way to do readings. It's best to ask questions that involve answers that may help alter your way of thinking, feeling or acting so you may heal and shift your life to create a more desirable outcome.
- Don't be attached to a specific answer, be open for what spirit has to offer and be open to change and new opportunities
- Jodi can typically get through 10-12 questions in an hour, depending on how in depth the questions are

## Information about intuitive readings

A good reading should confirm what you already know and give you confirmation and insight on your current life's path. An intuitive reading gives you a snap shot of the direction your life is currently heading and you can choose to alter that direction if you so choose. If things in your life are not going as you wish or are in a constant struggle and you would like that to change, an intuitive reading can give you insight on what may be creating those struggles and a fresh perspective and clarity on how to overcome them. If you change your thoughts, patterns or make different choices you can create a different path and future to get your life on the course you wish to live by. Jodi invites you to use intuitive readings as a powerful and empowering opportunity to find your deepest truths and to overcome your fears, so you can create personal changes that fulfill you physically, emotionally, spiritually.
